

THE YOLO DEMOCRAT.
COUNTY OFFICIAL PRESS.

A. FROG IN A DARTER'S WATCH.—An amusing story was told us concerning an old negro who went to a jewelry establishment to have his watch repaired. The watchmaker was absent, but a friend who was present, thinking the old fellow had come to see him, called him in. He told him that he had fixed his watch. The old fellow handed him over his time keeper, and his friend, who was quite a wag, but no watch mender, having examined it, very solemnly said: "Old man, you have let a frog get in this watch." The old fellow stood scratching his head for a few moments, then looking up in the face of the watchmaker he said: "A frog? Yes, a frog, and it has kicked all the guts out!" The watchmaker could stand it no longer. "Dar!" he said, "I know'd dat nigger I lone it to would let sumpin get in it." The last we saw of the darkey he was making rapid strides down the street swearing vengeance against the nigger that let the frog get in his watch.

BOARD OF SUPERVISORS.—The Board met on Monday last and transacted the following business: In the matter of opening bids for grading road adjoining lands of Kelly and others, ordered that the bid of David Bayless be accepted, the grading of the road to be completed within sixty days. Petition for road from Knight's Landing to Fremont, ordered that the petition be granted and the road be opened on the 15th inst. and report to next meeting of the Board. S. N. Mering was appointed, Justice of the Peace for Cache Creek Township, to fill vacancy caused by failure of A. J. Hall to qualify. Bridge across Out Hollow Slough accepted and contractor ordered to be paid. On petition for road from Merrill's farm across Willow Slough, viewers appointed to examine on 22d February and report at next meeting of Board. Viewers appointed to view road to run south from Levison's store, on the 21st, and report. Petition for changing boundary of Prairie School District with recommendation of R. R. Darby, County Superintendent, ordered that the petition be granted and boundaries ordered changed. Road running north from F. C. Ruggles to Woodland road, ordered that viewers examine on the 10th inst. and report to next meeting of the Board. Road through lands of Stephens and others declared a public highway. Grading Roseberry's Cut, ordered accepted. Petition of F. C. Ruggles and others for highway from the tule west past Colli's, etc., viewers ordered to examine on 16th and report. Grading road near Davisville, ordered that the petition be published in the YOLO DEMOCRAT; and further, that J. L. Underhill make a survey of the road. Cache Creek bridge, ordered that original contractor complete the work and present bill for same. Cases of R. M. Eley, 427 ordered refunded. Montecito School District established as recommended by the County Superintendent. Obstructions ordered removed from road opposite lands of Mrs. A. Fisher. The Board having finished all other business, proceeded to apportion the number of jurors among the various townships as follows: Washington 20, Fairview 2, Merrill 8, East Cottonwood 22, Cacheville 22, Berkeley 27, West Grafton 24, North Patch 35, North Grafton 10, East Grafton 33, Woodland 48, Fremont 1, South Patch 7, West Cottonwood 17. Board then adjourned.

SALARY OF COUNTY SCHOOL SUPERINTENDENT.—We had occasion, a short time ago, to refer to the insufficiency of the salaries of our county officers. That of County School Superintendent was not then referred to. It has since come to our knowledge that the salary of the very poorest paid officer in the county, so low is the salary, indeed, that our very able and efficient superintendent, R. R. Darby, cannot support his family without teaching school a portion of the time. In consequence of this he cannot devote as much of his time to the general supervision of the schools of the county as his interests demand, and it is apparent to the satisfaction of the Board, after a full examination into the matter, that the present compensation of \$200 for each organized school district of the county—there being now 37 in number—is insufficient, at the amount of labor required, and as the duties of the office require so much time as to preclude the engaging in other pursuits to furnish means of support, and as heretofore it has been necessary to associate other teachers with the duties of the office, it is therefore, on motion of L. B. Ruggles, ordered that the fee of the County Superintendent be raised from \$200 to \$250 for each organized school district, provided the whole number shall not exceed 40, and provided that the County Superintendent shall devote his entire attention to the duties of that office as above indicated. The increase of salary to take effect from and after the first Monday of April, A. D. 1890. The matter was laid over for one month, when it comes up again for the action of the Board.

RESOLUTIONS OF THANKS.—The following resolutions are handed us for publication. They explain themselves. Resolved, That we, the members of Lodge No. 237, I. O. G. T., hereby tender our heartfelt thanks to our Brothers and Sisters of Davisville for the magnificent and brotherly welcome extended by them on the occasion of their late public installation. Resolved, That in such communion we recognize a ready and powerful agent for the promotion of that unanimity to the steadfastness of purpose so essential to the success of our principles, which as Good Templars, we have near at hand.

Resolved, That an engrossed copy be forwarded to our Sister Lodge with our cordial greetings. THE SCIENTIFIC PRESS.—This useful journal has been placed upon our table by the traveling agent, Wm. H. Murray. It is a large, interesting, weekly paper of sixteen pages, and gives particular attention to scientific discussion and explanation of all matters of interest to an agricultural community, having come to the conclusion that in this branch of industry there is more permanent wealth than in the mining interest, which, together with mechanical inventions, until this year formed the leading features. Published by Devey & Co., 314 Clay street, San Francisco, at \$4 per annum.

GRAY & WOOD.—This new firm appear before the public to-day in a lengthy advertisement to which we ask attention. They have a choice assortment of agricultural implements, hardware, wooden-ware, paints and oils, etc., at the old stand of Gray & Freeman, opposite the Bank. The proprietors are both too well known to the citizens of the county to be benefited by any eulogy at our hands. Suffice it to say, they are both old citizens, good business men, and propose to attend to their business themselves. We trust they will receive a liberal patronage.

THE MASQUERADE.—It will be seen by reference to the advertisement of the masquerade ball to come off at Knight's Landing, on the 21st inst., that masks and costumes can be obtained there, so that the trouble and expense of purchasing will not be necessary. This will no doubt help to swell the throng who intend to take part in this enjoyable festivity.

IF YOU wish the very best CARPET PHOTOGRAPHY, you must call on BRADLEY & RUTHERFORD, 42 Montgomery street, San Francisco.

NEW TEAM OF WRITING SCHOOL.—The second term of writing school commenced on Thursday evening, but the first practical lesson of the term will be given to-night. Persons desiring to become masters of the art of penmanship should attend this school. They will never have a better opportunity or more competent teacher. For the accommodation of those who cannot attend in the evening, a class is taught at the Hunter House between 10 and 11 A. M.

CLOSE OF TERM.—The term of Prof. Espina's writing school closed on Tuesday evening. The improvement of the scholars generally, since the commencement of the school, was everywhere apparent. To J. G. Hollingsworth, for the best writing, and to A. S. Fulton, for the greatest improvement; awards of merit for improvement to Miss Ella Babcock, Miss Ella Saunders, Geo. Fiske, A. Hunter, and Charles White.

COUNTY COURT.—In addition to the business of the term given last week we have to add the case of Henry Doty, who was sentenced by Judge Johnson, on Tuesday last, for grand larceny, to three years in the State Prison, and Sheriff Ballock dispatched him to San Quentin in charge of deputy Henry on Wednesday morning. The jury stands discharged till the first day of March.

FURNITURE STORE.—Smith & Brogan have in store as fine an assortment of furniture, of all grades, as is to be found in any interior town in the State. Some of their parlor and bed room sets are really superb. Their metallic burial cases are very fine—good as any kept anywhere. Also all sizes and styles of coffins. Everything is sold at reasonable prices and small profits.

INCORPORATION.—There was filed on Thursday in the office of the Secretary of State, the certificate of incorporation of the Old Fellows' Hall Association of Woodland, California; capital stock, \$5,000, in shares of \$25 each; Directors: N. Wyckoff, D. M. Burns, L. Deitz, H. J. Plouffeaux and J. W. Tilley.

RAIN.—A light fall of rain visited this locality the past week. It was not particularly needed, but does good in keeping the ground moist for the growing crops, and also keeping everybody's spirits good in view of the cheerless prospect it gives of abundant crops.

CLARIVANT LECTURE.—Mrs. Stowe, Clarivant Physician, has taken rooms in the Capital Hotel where she will remain for a few days to heal the sick. She will lecture at Good Templars' Hall on Sunday evening next at 7 1/2 P. M.

WHEAT AND BARLEY SHIPMENTS.—Mr. Wm. Dresbach writes us from Davisville, Jan. 7th, that the amount of wheat and barley purchased and shipped by him from that place last year, was 17,000 tons of wheat, and 3,500 tons of barley.

AN OVERSIGHT.—Quite an oversight occurred on our part in omitting to say to those who love a good cigar, that they can be obtained at Ruggles & Machefert's. Having tried them we know whereof we speak.

TOWN HALL.—The prospect is good for having a Town Hall before many months. We learn that arrangements have been made for the erection of several brick buildings the coming season.

NEW GOODS.—A rich and varied stock of fashionable dry goods have just been received by Henry Aronson. Give him a call.

SPECIAL NOTICES.
PAIN KILLER.—No article ever attained so much popularity as this. An article of great merit and virtue.—Olin. We can bear testimony to the efficacy of the Pain Killer. We have seen its magic effect in soothing the most severe pain, and know it to be a good article.—Olin. A remedy for the most common ailments of the human body, without the use of any dangerous or violent means. It is the most valuable family medicine now in use.—Ann. Organ. It has been used as a means of removing pain, no medicine has acquired a reputation so rapid as this Pain Killer.—Newport (Ky) Daily News.

PAIN KILLER.—After a thorough trial by numerous living witnesses, has proved itself the most reliable of the age. It is an internal and external remedy. One positive proof of its efficacy is that its sales have constantly increased, and wholly upon its own merits. The effect is internally in case of Cough, Croup, Bronchitis, Cholera, Dysentery, and other affections of the system. It has been truly wonderful, and has won for it a name among medical practitioners that can never be forgotten. It is a remedy in removing pain, as an external remedy, in case of Burns, Bruises, Sore Throat, Cuts, Stings of Insects, and other causes of suffering, has secured for it such a host of testimony as an almost infallible remedy that it will be handed down to posterity as one of the greatest medical discoveries of the 19th century.

THE MASQUERADE.—It will be seen by reference to the advertisement of the masquerade ball to come off at Knight's Landing, on the 21st inst., that masks and costumes can be obtained there, so that the trouble and expense of purchasing will not be necessary. This will no doubt help to swell the throng who intend to take part in this enjoyable festivity.
